Citation. Texas Education Agency. (2011). *Secondary school completion and dropouts in Texas public schools, 2009-10: District and campus supplement* (Document No. GE11 601 10). Austin, TX: Author.

Abstract. This supplement to the annual Texas Education Agency report on graduation, completion, and dropouts in Texas public secondary schools provides annual dropout rates by campus and district for the 2009-10 school year and longitudinal graduation, completion, and dropout rates by campus and district for the class of 2010.

Keywords. Secondary education, high school completion, dropouts, annual dropout rate, longitudinal dropout rate, completion rate, graduation rate, Grades 7-8, Grades 9-12, Grades 7-12.

Additional copies of this document may be purchased using the order form in the back of this publication. Also, the report is available in PDF format on the agency website at http://www.tea.state.tx.us/acctres/dropcomp_index.html. Additional information about this report may be obtained by contacting the Texas Education Agency Division of Accountability Research by phone at (512) 475-3523 or by e-mail at research@tea.state.tx.us.

Introduction

The listings in this report provide secondary school completion and dropout data at the district and campus levels as a supplement to *Secondary School Completion and Dropouts in Texas Public Schools, 2009-10* (Texas Education Agency [TEA], 2011a). This supplement includes annual dropout rates for students in Grades 7-12 and longitudinal rates for secondary school graduates, continuing students, General Educational Development (GED) certificate recipients, and dropouts. Campus and district listings of annual dropout rates for 2009-10 and longitudinal graduation, completion, and dropout rates for the class of 2010 are presented. This supplement also contains information on rate calculations; more information can be found in *Secondary School Completion and Dropouts in Texas Public Schools, 2009-10* (TEA, 2011a). Supplemental listings at the county and district levels are available in *Secondary School Completion and Dropouts in Texas Public Schools, 2009-10: County Supplement* (TEA, 2011b) and *Secondary School Completion and Dropouts in Texas Public Schools, 2009-10: District Supplement* (TEA, 2011c).

Calculations

All data used in this report were collected and reported by Texas school districts and charter schools through the Public Education Information Management System (PEIMS) maintained by the Texas Education Agency (TEA) or by General Educational Development (GED) testing centers, which submit records to TEA. The rate calculations are the same as those used in the Academic Excellence Indicator System (AEIS).

In this report, the annual dropout rate is the percentage of students who dropped out of either Grades 7-8 or Grades 7-12 during the 2009-10 school year.

$$\frac{\text{number of students who dropped out during the school year}}{\text{number of students enrolled during the school year}}$$

For the 2009-10 school year, dropouts in the annual rate are defined and counted according to the *2010-2011 Public Education Information Management System Post Addendum Version Data Standards* (TEA, 2010) and *Secondary School Completion and Dropouts in Texas Public Schools, 2009-10* (TEA, 2011a). In 2003, the 78th Texas Legislature passed legislation affecting the dropout rate calculated by TEA. Senate Bill 186 required that dropout rates be computed according to the National Center for Education Statistics (NCES) dropout definition beginning with the 2005-06 school year (Texas Education Code §39.051, 2004). Under the NCES definition, a dropout is a student who is enrolled in public school in Grades 7-12, does not return to public school the following fall, is not expelled, and does not: graduate, receive a GED, continue school outside the public school system, begin college, or die. The total number of students in the denominator of the dropout rate is the cumulative number of students in attendance in the district or campus at any time during the school year. *Secondary School Completion and Dropouts in Texas Public Schools, 2009-10* (TEA, 2011a) contains information on the changes to data collection and processing that occurred as a result of adoption of the national definition.

Longitudinal rates analyze student progress through high school. A cohort of students, identified by the starting grade and anticipated year of graduation, is tracked over a number of years, from the time students enter the specified grade until the fall following their anticipated graduation date. This report tracks the Grade 9 cohort, which consists of Texas public school students who attended Grade 9 for the first time in the 2006-07 school year, as well as students who, during the next three school years, entered the Texas public school system in the grade level expected for the cohort. These students were expected to have graduated in spring 2010.

A subset of the cohort, called a class, is used to calculate the longitudinal rates presented in this report. A class consists of members of a cohort less those who leave the Texas public school system for reasons other than graduating, receiving a GED, or dropping out and those who cannot be tracked. Each class is identified by the anticipated year of graduation. This report uses the class of 2010 to calculate longitudinal rates for the Grade 9 cohort. The longitudinal rates are based on the final

statuses of students: graduate, continuer, GED recipient, and dropout. A student is classified as a continuer if he or she is not a graduate and is reported as enrolled in the Texas public school system in the fall after his or her anticipated graduation. Only students in the cohort to whom final statuses are assigned are included as members of the class.

Dropping out is not necessarily the final status of a student. The status of a student who drops out changes if he or she returns and graduates, obtains a GED, or continues in school. Dropping out becomes the status of record only if it is the final status for a student.

As an example, the longitudinal rate for graduates is calculated by dividing the number of students who graduated by the number of students in the class.

$$\frac{\text{graduates}}{\text{graduates} + \text{continuers} + \text{GED recipients} + \text{dropouts}}$$

Longitudinal rates for students who continued in high school, GED recipients, and dropouts are calculated in a similar manner. The sum of the four rates is equal to 100 percent.

Students who graduated or continued in high school make up the Completion I rate for the class of 2010. This rate is a base indicator under standard Texas public school accountability procedures. Students who graduated, continued in high school, or received GED certificates make up the Completion II rate. This rate is an indicator under alternative education accountability procedures, which apply to campuses and charter districts dedicated to serving students at risk of dropping out of school.

Through the class of 2009, longitudinal rates were calculated for districts and campuses if they served Grade 9 and Grade 11 or 12 in the first and fifth years of the cohort. To comply with federal accountability standards, a second criterion was added for the class of 2010. Longitudinal rates for the class of 2010 were calculated for districts and campuses if they: (a) served Grade 9 and Grade 11 or 12 in the first and fifth years of the cohort or (b) served Grade 12 in the first and fifth years of the cohort. For further explanation of the completion rates, see *Secondary School Completion and Dropouts in Texas Public Schools, 2009-10* (TEA, 2011a).

See Notes on Tables 1-3 after Table 3.

Notes on Tables 1-3

Data Presentation in Tables 1 and 2

A dash (–) indicates data are not reported to protect student anonymity. When the number of dropouts is not reported, the total number of students is presented in such a manner as to provide a general idea of the number of students in the group while maintaining student anonymity. A dot (.) indicates there were no students in the group or, in rare cases, that a reporting anomaly prevented calculation of the rate.

Data Presentation in Table 3

Parts may not add to 100 percent because of rounding. A dash (–) indicates data are not reported to protect student anonymity. When the number of students represented by a final status is not reported, the class size is presented in such a manner as to provide a general idea of the number of students in the class while maintaining student anonymity.

Table Glossary

All Students. All students reported is a cumulative total of students served at the campus or in the district, county, or state during the school year.

At-Risk. An at-risk student is one who is identified as at risk of dropping out of school according to state statute (Texas Education Code §29.081, 2010).

Class. A class is a subset of a Grade 9 cohort (see **Cohort**) used to calculate longitudinal student status rates. A class consists of members of a Grade 9 cohort less those who leave the Texas public school system for reasons other than graduating, receiving a General Educational Development (GED) certificate, or dropping out and those who cannot be tracked. A class is identified by the expected year of graduation. For example, members of the class of 2010 are identified as students who attended Grade 9 in Texas public schools for the first time in the 2006-07 school year and were expected to have graduated in spring 2010. Students are tracked into the fall following their expected graduation.

Longitudinal rates are based on the four possible final statuses of students: graduate, continuer, GED recipient, and dropout. A student is classified as a continuer if he or she is not a graduate and is reported as enrolled in the Texas public school system in the fall after his or her anticipated graduation. Only students in the cohort to whom final statuses are assigned are included as members of the class. Through the class of 2009, longitudinal rates were calculated for districts and campuses if they served Grade 9 and Grade 11 or 12 in the first and fifth years of the cohort. To comply with federal accountability standards, a second criterion was added for the class of 2010. Longitudinal rates for the class of 2010 were calculated for districts and campuses if they: (a) served Grade 9 and Grade 11 or 12 in the first and fifth years of the cohort or (b) served Grade 12 in the first and fifth years of the cohort.

Cohort. A cohort is defined as the group of Texas public school students who begin Grade 9 for the first time in the same school year plus students who, during the next three school years, enter the Texas public school system in the grade level expected for the cohort. To analyze student progress through high school, a cohort of students is tracked over five school years, from the time they enter Grade 9 in the Texas public school system until the fall following their anticipated graduation date. Each cohort is identified by the starting grade and anticipated year of graduation. For example, members of the class of 2010 Grade 9 cohort were identified as students who attended Grade 9 in Texas public schools for the first time in the 2006-07 school year and were anticipated to have graduated in spring 2010.

Completion. The Texas public school accountability system includes two measures of school completion. Completion I consists of students who graduate or continue in high school. Completion II consists of those students plus students who receive General Educational Development (GED) certificates.

Continuing Student. A continuing student is one who is enrolled in a Texas public school in the fall of the school year following expected graduation.

Dropout. A dropout is defined and counted according to the dropout definition in place the year the student drops out. Under the National Center for Education Statistics definition, which Texas adopted in the 2005-06 school year, a

dropout is a student who is enrolled in public school in Grades 7-12, does not return to public school the following fall, is not expelled, and does not: graduate, receive a GED, continue school outside the public school system, begin college, or die. For more information on the definition of a dropout and calculation of dropout rates, refer to the *Public Education Information Management System Data Standards* (e.g., Texas Education Agency [TEA], 2010) and the report, *Secondary School Completion and Dropouts in Texas Public Schools* (e.g., TEA, 2011a).

Economically Disadvantaged. An economically disadvantaged student is eligible for free or reduced-price meals under the National School Lunch and Child Nutrition Program (TEA, 2009). Eligibility for free or reduced-price meals is reported for each student at the time of enrollment and is used as a proxy for economically disadvantaged status.

GED Recipient. A GED recipient is a student awarded a GED certificate by August 31, 2010.

Graduate. A graduate is a student awarded a high school diploma by a Texas public school by August 31, 2010.

Graduates+Continuers. Campuses and districts that are subject to standard accountability procedures are rated on the percentage of students who graduate or continue in high school, called Completion I.

Graduates+Continuers+GED Recipients. Campuses and districts subject to alternative education accountability procedures, which apply to campuses and charter districts dedicated to serving students at risk of dropping out of school, are rated on the percentage of students who graduate, continue in high school, or receive GED certificates, called Completion II.

Race/Ethnicity. Race/ethnicity is one of the demographic characteristics reported for each student at the time of enrollment. In 2009-10, TEA began collecting data on student race and ethnicity in compliance with a new federal standard that requires separation of categories for ethnicity and categories for race. The data also were collected that year using the old standard. For more information on the change in reporting of race/ethnicity, refer to the report, *Secondary School Completion and Dropouts in Texas Public Schools, 2009-10* (TEA, 2011a). Annual dropout rates for

2009-10 are presented in this report using the new racial/ethnic categories. Longitudinal rates for the class of 2010 are presented using the old racial/ethnic categories. This required attributing some students to the old categories. Data for graduates, GED recipients, and dropouts in the class of 2010, all of whom had final statuses in 2009-10 or earlier, were collected using the old racial/ethnic categories. But data for continuers, all of whom had final statuses in 2010-11, were collected using only the new categories. Although most of the new racial/ethnic categories correspond to individual old categories, the categories "Asian," "Pacific Islander," and "multiracial" do not. To account for these students, Asian continuers and Pacific Islander continuers were combined and counted in the old racial/ethnic category "Asian/Pacific Islander." Multiracial continuers, except those identified as Asian and Pacific Islander, were counted in the racial/ethnic categories collected for them in the most recent previous year. Multiracial continuers identified as Asian and Pacific Islander were counted in the old racial/ethnic category "Asian/Pacific Islander."

Compliance Statement

Title VI, Civil Rights Act of 1964, the Modified Court Order, Civil Action 5281, Federal District Court, Eastern District of Texas, Tyler Division.

Reviews of local education agencies pertaining to compliance with Title VI Civil Rights Act of 1964 and with specific requirements of the Modified Court Order, Civil Action No. 5281, Federal District Court, Eastern District of Texas, Tyler Division are conducted periodically by staff representatives of the Texas Education Agency. These reviews cover at least the following policies and practices:

1. acceptance policies on student transfers from other school districts;
2. operation of school bus routes or runs on a nonsegregated basis;
3. nondiscrimination in extracurricular activities and the use of school facilities;
4. nondiscriminatory practices in the hiring, assigning, promoting, paying, demoting, reassigning, or dismissing of faculty and staff members who work with children;
5. enrollment and assignment of students without discrimination on the basis of race, color, or national origin;
6. nondiscriminatory practices relating to the use of a student's first language; and
7. evidence of published procedures for hearing complaints and grievances.

In addition to conducting reviews, the Texas Education Agency staff representatives check complaints of discrimination made by a citizen or citizens residing in a school district where it is alleged discriminatory practices have occurred or are occurring.

Where a violation of Title VI of the Civil Rights Act is found, the findings are reported to the Office for Civil Rights, U.S. Department of Education.

If there is a direct violation of the Court Order in Civil Action No. 5281 that cannot be cleared through negotiation, the sanctions required by the Court Order are applied.

Title VII, Civil Rights Act of 1964 as Amended by the Equal Employment Opportunity Act of 1972; Executive Orders 11246 and 11375; Equal Pay Act of 1964; Title IX, Education Amendments; Rehabilitation Act of 1973 as Amended; 1974 Amendments to the Wage-Hour Law Expanding the Age Discrimination in Employment Act of 1967; Vietnam Era Veterans Readjustment Assistance Act of 1972 as Amended; Immigration Reform and Control Act of 1986; Americans With Disabilities Act of 1990; and the Civil Rights Act of 1991.

The Texas Education Agency shall comply fully with the nondiscrimination provisions of all federal and state laws, rules, and regulations by assuring that no person shall be excluded from consideration for recruitment, selection, appointment, training, promotion, retention, or any other personnel action, or be denied any benefits or participation in any educational programs or activities which it operates on the grounds of race, religion, color, national origin, sex, disability, age, or veteran status (except where age, sex, or disability constitutes a bona fide occupational qualification necessary to proper and efficient administration). The Texas Education Agency is an Equal Opportunity/Affirmative Action employer.
