00:22:54 Cecily Hale: Thank you!

00:24:26 Jennifer Leal - Rockwall: How can the high school students complete this task when we except AP and IB classes as a way to serve our gifted high schoolers?

00:24:38 Jennifer Leal - Rockwall: Accept

00:26:15 Abbee: When providing professional development for staff, does the presenter need have their 30 core hours? what about conferences? Can the keynote serve as GT credit?

00:26:47 Monica Simonds: Is that expectation stated explicitly somewhere on the TEA website?

00:27:48 Monica Simonds: I know we understand but it would be great to have TEA support we can use in our district. Thanks! :)

00:28:17 Michelle Swain: While I fully agree that we should differentiate in our college credit bearing courses, those courses in and of themselves are differentiated from the regular on-level versions of those courses.

00:30:10 maggiohome: Agree Monica. I don't think differentiated always means from other students, I think it's differentiated from the regular curriculum. Also, one thing we are going to work on is tracking professional products and performances through extracurruluars such as debate, DECA, theater, UIL...you name it. Those products can be done in LOTS of places in high school

00:31:40 Michelle Swain: NAGC has approved a new Gifted Coordinator Network and is seeking conference proposal reviewers for the 2021 Convention. Please consider serving as a reviewer. Reviewer Sign-Up Form <http://bit.ly/2zJeeis>.

00:32:30 Candy Tijerina: @Michelle!! That is wonderful...I need to join that network :)

00:32:32 Monica Simonds: @Raine, totally agree about other courses. I was just sharing my experience that GT kids are not given anything differentiated for their way of learning when in AP and such. I believe that both types of differentiation should be present. Maybe I'm misunderstanding.

00:32:45 Amber Reinecke: On the Old FAQ document, #17 explicitly states what Monica said about AP/IB courses needing to differentiate. [https://tea.texas.gov/academics/special-student-populations/gifted-and-talented-education/gifted-talented-frequently-asked-questions#Q\\_17](https://tea.texas.gov/academics/special-student-populations/gifted-and-talented-education/gifted-talented-frequently-asked-questions#Q_17)

00:33:28 Monica Simonds: Is this the current FAQ?

00:33:59 Amber Reinecke: No, it is the old one... but it is still listed on the website in addition to the new guidelines

00:34:12 maggiohome: @Momica...I think we are saying the same thing:)

00:34:43 Monica Simonds: Great!

00:34:59 Monica Simonds: This is when I prefer F2F. :)

00:38:09 Jennifer Leal - Rockwall: So, this will come up for next year-- Can the reading academy training count for our G/T update?
