

# Texas English Language Proficiency Assessment System

2014 Test Administration

## Reporting Data File Format

## Overview of Changes

- Unschooled Asylee/Refugee and Students with Interrupted Formal Education (SIFE) information was previously being collected via the Agency Use field but now has specific fields identified (positions 133–137) and Agency Use columns A and B are no longer collected.
- The Type 3 Reading Accommodation will no longer be collected and has been removed (position 203).
- Because the TELPAS reading assessments are being released in 2014, the correct responses have been added to the data file (positions 483–552) and the student responses (positions 553–622) will reflect the student’s response to the items as opposed to whether or not the student got the item correct (value of 1) or incorrect (value of 0).
- The weighting of the listening, speaking, reading, and writing components used to calculate the TELPAS Composite Score has changed (positions 627–629).
- The ranges used to determine the TELPAS Composite Rating have been adjusted (position 630).
- The Texas Student Data System (TSDS) student ID is now provided through the Public Education Information System (PEIMS). The TSDS student ID will be placed on the student data file if a match can be made to the PEIMS file (positions 637–646).
- The TELPAS history information has been adjusted to represent the last five years of TELPAS (positions 664–753).

## **Attention For Users of Tab-delimited Files**

If you ordered a tab-delimited file, a delimiter has been placed after each data field in the file (Hex = 05). For example, the first data field, Administration Date, has a field length of 4 and is followed by a delimiter in position 5. Therefore, the data field for Grade-Level-Code begins in position 6 rather than position 5 as shown in the data file format.

**TELPAS CODES**

623-623 1 **YEARLY PROGRESS INDICATOR**  
 This value will indicate the proficiency level progress if the current year record can be matched to a previous year record. This field will be blank if a match was not made.  
 0 = The student’s composite rating is lower or the same as the previous year’s composite rating\*  
 1 = The student’s composite rating is one level higher than the previous year’s composite rating\*  
 2 = The student’s composite rating is two levels higher than the previous year’s composite rating  
 3 = The student’s composite rating is three levels higher than the previous year’s composite rating

\* The yearly progress indicator is set to 1 if a student is advanced high in the current and previous year

624-626 3 **TELPAS COMPREHENSION SCORE**  
 The Comprehension Score is determined from the listening and reading language area proficiency ratings. Each language area rating is weighted 50% towards the comprehension score. The comprehension score will range from 1.0 to 4.0. If either the listening or reading ratings are not available, a comprehension score of 0.0 will be present.

627-629 3 **TELPAS COMPOSITE SCORE**  
 The Composite Score is determined from the four language area ratings. The weights assigned to each of the language area ratings are given in the table below. If one of the four language area ratings is not present, a composite score cannot be determined and will result in a composite score of 0.0.

Listening	Speaking	Reading	Writing
10%	10%	50%	30%

630-630 1 **TELPAS COMPOSITE RATING**  
 The Composite Rating is determined from the Composite Score using the assignment in the table below.

TELPAS Composite Score	TELPAS Composite Rating (Numeric Value)	TELPAS Composite Rating
0.0	0	Not Available
1.0–1.4	1	Beginning
1.5–2.4	2	Intermediate
2.5–3.4	3	Advanced
3.5–4.0	4	Advanced High

631-636 6 **STUDENT PORTAL UNIQUE ACCESS CODE**  
 The access code will provide families with confidential login information to view a student’s assessment results online. The Student Portal can be accessed at <http://www.TexasAssessment.com/Students>. Families will have access to assessment results that include reporting category level data for administrations from the 2007–2008 school year to the present. Prior to the 2007–2008 school year, families will be able to access higher level information (e.g. met standard, scale score, etc.). Students requiring history updates due to invalid student ID information (PEIMS ID, Name, or Date-of-Birth) or whose student ID information provided on the answer document does not match the information in the TELPAS history file will not receive a student data portal access code.
