

The State Board for Educator Certification (SBEC) adopts amendments to 19 Texas Administrative Code (TAC) §§230.1, 230.21, 230.31, 230.101, and 230.105, and new §230.39, concerning professional educator preparation and certification. The amendments to §§230.1, 230.31, 230.101, and 230.105 and new §230.39 are adopted without changes to the proposed text as published in the December 29, 2023 issue of the *Texas Register* (48 TexReg 8137) and will not be republished. The amendment to §230.21 is adopted with changes to the proposed text as published in the December 29, 2023 issue of the *Texas Register* (48 TexReg 8137) and will be republished. The adopted revisions redefine *pilot exam*; specify the timeline by which a passing score on a certification exam can be used for certification purposes; decrease the number of days to request a test limit waiver after an unsuccessful examination attempt; update the figure specifying the required pedagogy and content pedagogy certification exams for issuance of the probationary or standard certificate; remove certificate categories and examinations that are no longer operational; establish an Enhanced Standard certificate and fees for the teacher residency preparation route specified in adopted new 19 TAC Chapter 228, Requirements for Educator Preparation Programs; and update the list of ineligible certification by examination certificates to include the new Deafblind: Early Childhood-Grade 12 certificate. The adopted revisions also include technical edits to comply with Texas Register formatting and style requirements.

REASONED JUSTIFICATION: The SBEC rules in 19 TAC Chapter 230, Subchapter A, General Provisions, specify the general guidelines regarding professional educator preparation and certification. The SBEC rules in 19 TAC Chapter 230, Subchapter C, Assessment of Educators, specify the testing requirements for initial certification and for additional certificates based on examination. The SBEC rules in 19 TAC Chapter 230, Subchapter D, Types and Classes of Certificates Issued, define the types, classes, and issuance requirements for certificates. The SBEC rules in 19 TAC Chapter 230, Subchapter G, Certificate Issuance Procedures, specify appropriate procedures for the issuance of educator certificates. These requirements ensure educators are qualified and professionally prepared to instruct the schoolchildren of Texas.

The following is a description of the adopted revisions to 19 TAC Chapter 230, Subchapters A, C, D, and G. The adopted revisions are reflective of the broader certification redesign efforts the SBEC has led since 2017 to develop rigorous and relevant certification exams in alignment with their statutory charge in Texas Education Code (TEC), §21.031, Purpose, to "ensure that all candidates for certification or renewal of certification demonstrate the knowledge and skills necessary to improve the performance of the diverse student population of this state;" are responsive to associated rulemaking in the adopted repeal of and new 19 TAC Chapter 228, Requirements for Educator Preparation Programs, to implement a teacher residency preparation route and associated certificate; and implement House Bill (HB) 2256, 87th Texas Legislature, Regular Session, 2021.

Subchapter A. General Provisions

Adopted Amendment to 19 TAC §230.1

The adopted amendment adds §230.1(13) to define *enhanced standard certificate* to implement the certificate for the residency preparation route included in the 19 TAC Chapter 228 adoption. The adopted amendment to §230.1(18) amends the definition for *pilot exam*. This adopted amendment allows the SBEC to annually review, pilot, and collect data for certification exams to examine the impact of the exam's implementation on Texas candidates. The adopted amendment to §230.1(12) aligns the definition for *educator preparation program* (EPP) with 19 TAC Chapter 228 and Chapter 229, Accountability System for Educator Preparation Programs. Additional technical edits renumber the definitions to accommodate the addition of §230.1(13) and apply style requirements to cross references to statute, where applicable.

Subchapter C. Assessment of Educators

Adopted Amendment to 19 TAC §230.21(a)(3)(A)

The adopted amendment to §230.21(a)(3)(A) provides technical edits to align with the titles of §232.17 and §232.19.

Adopted Amendment to 19 TAC §230.21(a)(5)(D)

The adopted amendment to 19 TAC §230.21(a)(5)(D)(i) decreases the number of days a candidate can request a waiver after their fourth retake from 45 to 30 calendar days. The adopted amendment strikes 19 TAC §230.21(a)(5)(D)(ii) to remove the required delay before a candidate can reapply for a test limit waiver if the candidate's initial application was denied. This change allows candidates to become certified sooner if they are able to pass the examination on their next attempt.

Adopted Amendment to 19 TAC §230.21(e)

The adopted amendment to §230.21(e) updates the testing requirements for educator certification indicated in Figure: 19 TAC §230.21(e).

The adopted amendment to §230.21(e) specifies that for issuance of a probationary or standard certificate in more than one certification category, a candidate must pass the appropriate pedagogy examination under Figure: 19 TAC §230.21(e) for any one of the certificates sought. This change allows for educators to be issued probationary or standard certificates in more than one certification category by passing only one pedagogy certification exam. The rule had required that for issuance of each individual certificate, educators must take and pass the aligned pedagogy exam, which meant that educators pursuing certification in two certification categories through completion of the edTPA are required to take two edTPA certification exams. This change aligns with feedback from EPPs participating in the edTPA pilot that expressed concern about the expense and duplicative effort caused by the current rule.

Update to Figure Titles and Content Pedagogy Exam Requirements

The adopted amendment to Figure: 19 TAC §230.21(e) updates the column title from "Pedagogical Requirement(s)" to "Required Pedagogy Test(s)" to align the language of the title to the other test column in the figure, "Required Content Pedagogy Test(s)."

Published in the Adopted Rules section of this issue, the SBEC adopted amendments to 19 TAC Chapter 233, Categories of Classroom Teaching Certificates, that create six new classroom teacher certificate categories: Core/Special Education with the Science of Teaching Reading/Special Education: Early Childhood-Grade 6; Core/Fine Arts/Physical Education/Health with the Science of Teaching Reading: Early Childhood-Grade 6; Core/Bilingual Education Spanish with the Science of Teaching Reading: Early Childhood-Grade 6; Core/English as a Second Language with the Science of Teaching Reading: Early Childhood-Grade 6; Core with the Science of Teaching Reading: Early Childhood-Grade 6; and Bilingual Special Education Supplemental: Early Childhood-Grade 12.

The adopted amendment to Figure: 19 TAC §230.21(e) adds certification exams, which are in development for the certification fields. The adopted amendment creates examinations for the Core with the Science of Teaching Reading: Early Childhood-Grade 6; Core/Fine Arts/Physical Education/Health with the Science of Teaching Reading: Early Childhood-Grade 6; and Core/Special Education with the Science of Teaching Reading: Early Childhood-Grade 6 certificates and sets out a timeline for test development that matches the timeline for certificate issuance in the adopted amendments to 19 TAC Chapter 233 to begin no earlier than September 1, 2027.

The adopted amendment creates examinations for the Core/Bilingual Education Spanish with the Science of Teaching Reading: Early Childhood-Grade 6 and the Core/English as a Second Language with the Science of Teaching Reading: Early Childhood-Grade 6 certificates and sets out a timeline for test development that matches the timeline for the certificate issuance in the adopted amendments to 19 TAC Chapter 233 to begin no earlier than September 1, 2028.

The adopted set of Core: Early Childhood-Grade 6 certification exams aim to streamline exam content in the elementary grade band, removing the Fine Arts/Health/Physical Education subtest from the base Core Subjects assessment and adopting a set of redesigned assessments that integrate additional content areas, including English as a second language (ESL), special education, and bilingual education, with the goal of reducing the overall number of exams educators are required to take for certification. These redesigned exams are also informed by the redesign of 19 TAC Chapter 235, Classroom Teacher Certification Standards, pedagogy and English language arts and reading (ELAR) and math content pedagogy standards currently under development at the direction of the SBEC.

Finally, the adopted amendment establishes the required examinations for the Bilingual Special Education Supplemental: Spanish certificate, as required in HB 2256, 87th Texas Legislature, Regular Session, 2021. Based on stakeholder input, the certificate focuses specifically on Spanish language bilingual education and requires candidates to demonstrate proficiency in the adopted 187 Bilingual Special Education Texas Examinations of Educator Standards (TEXES), which will be operational beginning September 2027, and the adopted 165 Bilingual Educator Spanish Supplemental TEXES, which will be operational beginning September 2026.

Similarly, the adopted amendment to the figure specifies the exam requirements for the certificates recently adopted by the SBEC, including the Special Education Specialist: Early Childhood-Grade 12 and Deafblind: Early Childhood-Grade 12, which will be operational for candidates on September 1, 2025, to align with the initial issuance dates for the new certificates. When operational, the tests and certificates will replace the Special Education: Early Childhood-Grade 12 and Special Education Supplemental certificates. Therefore, the adopted amendment sets August 31, 2025, as the last operational date for the Special Education: Early Childhood-Grade 12 exam.

The SBEC adopted updates to 19 TAC Chapter 233, Categories of Classroom Teaching Certificates, to include the creation of a certification category, Tamil: Early Childhood-Grade 12, and the adopted amendment to Figure: 19 TAC §230.21(e) adds a certification exam for Tamil: Early Childhood-Grade 12. The exam will become operational for candidates on September 1, 2025, to align with the date for issuance of the certificate in 19 TAC Chapter 233.

The adopted amendment to Figure: 19 TAC §230.21(e) also adds the last operational date of August 31, 2024, for the following exams: English Language Arts and Reading 7-12 and Physical Education EC-12. These examinations are being replaced with updated exams, and the adopted amendment adds a first operational date of September 1, 2024, for English Language Arts and Reading 7-12 and Physical Education EC-12.

The adopted amendment to Figure: 19 TAC §230.21(e) adds an implementation timeline of no earlier than September 1, 2027, for the following exams: Reading Specialist EC-12 and School Librarian EC-12. These exams are necessary due to updates to the educator standards for the certificates in 19 TAC Chapter 239, Student Services Certificates. The timeline aligns with the test development timeline.

The adopted amendment to Figure: 19 TAC §230.21(e) also transitions to a new content pedagogy exam for Health: Early Childhood-Grade 12 on September 1, 2024. This amendment updates the exam based on current Texas Essential Knowledge and Skills and adds the last operational date of August 31, 2024, for the current Health: Early Childhood-Grade 12 exam.

Updates to Pedagogy Exam Requirements

The adopted amendment to Figure: 19 TAC §230.21(e) strikes "pilot exam" for all edTPA exams to indicate that the exams would no longer be considered pilot exams under adopted §230.1(18) and would be fully operational. The adopted changes maintain the current flexibility that provides a choice of either the Pedagogy and Professional Responsibilities (PPR) TEXES or the edTPA as a required pedagogy exam while ensuring that EPPs are held accountable for candidate performance on both exam options via the Accountability System for Educator Preparation (ASEP) by removing the "pilot" label from the edTPA.

EPP and Candidate Choice in edTPA Exams

The adopted amendment to Figure: 19 TAC §230.21(e) adds the 2151 edTPA: Career and Technical Education exam as a pedagogy exam option for the following certificates beginning on September 1, 2024: Technology Education: Grades 6-12; Family and Consumer Sciences, Composite: Grades 6-12; Human Development and Family Studies: Grades 8-12; Hospitality, Nutrition, and Food Sciences: Grades 8-12; Agriculture, Food, and Natural Resources: Grades 6-12; Business and Finance: Grades 6-12; and Marketing: Grades 6-12. This adopted amendment provides flexibility for EPPs and candidates to select the edTPA exam that best aligns with their given instructional context if the EPP chose to require candidates to take the edTPA rather than the PPR for Trade and Industrial Education exam.

For the Core Subjects with the Science of Teaching Reading (STR): Early Childhood-Grade 6 certificate, the adopted amendment to Figure: 19 TAC §230.21(e) adds the following eight edTPA exams as pedagogy exam options in addition to the existing 2110 edTPA: Elementary Education: Literacy with Mathematics Task 4 exam, beginning on September 1, 2024: 2001 edTPA: Elementary Literacy; 2002 edTPA: Elementary Mathematics; 2149 edTPA Elementary Education: Mathematics with Literacy Task 4; 2014 edTPA: Early Childhood Education; 2016 edTPA: Middle Childhood Mathematics; 2017 edTPA: Middle Childhood Science; 2018 edTPA: Middle Childhood English Language Arts; and 2019 edTPA: Middle Childhood History/Social Studies. The addition to the edTPA exams for certification in Core Subjects with STR: Early Childhood-Grade 6 provides flexibility for EPPs and candidates to select the edTPA exam that best aligns with their given instructional context from the permitted exams. For example, a candidate teaching in a fourth-grade science classroom would have the option to take the edTPA: Middle Childhood Science exam. This change is informed by feedback from EPPs participating in the edTPA pilot, that the requirements of the edTPA Elementary Education: Literacy with Mathematics Task 4 were difficult to meet given the candidate's classroom setting. This change allows flexible options for strong alignment between the classroom setting and edTPA exam for certification. Additionally, the adopted edTPA exam options allow candidates to choose a 15-rubric exam, such as for edTPA Elementary Literacy, which is less than the 18-rubric edTPA Elementary Education: Literacy with Mathematics Task 4 exam. This change reduces the overall number of tasks that elementary candidates would be required to complete in the submission of their edTPA portfolio.

Alternatives to edTPA for CTE and Junior Reserve Officers' Training Corps (JROTC) Candidates

The adopted amendment to Figure: 19 TAC §230.21(e) adds the option for candidates seeking CTE certificates to take the 370 Pedagogy and Professional Responsibilities for Trade and Industrial Education 6-12 TExES exam. The adopted implementation date is September 1, 2024.

The adopted amendment to Figure: 19 TAC §230.21(e) updates the content pedagogy exam requirement for the Junior Reserve Officer Training Corps (JROTC): Grades 6-12 certificate to be the 370 Pedagogy and Professional Responsibilities (PPR) for Trade and Industrial Education 6-12 TExES exam. There is no specific edTPA exam for JROTC certification, but the requirements for the certification field align with the requirements for trade and industrial education fields as these candidates can attain certification based on a certificate issued by one of the military branches. The 370 PPR for Trade and Industrial Education 6-12 exam is the most appropriately aligned pedagogy exam for JROTC.

Remove Retired Exams and Certificates

The adopted amendment to Figure: 19 TAC §230.21(e) also removes the following retired certificates and their associated exam requirements: Core Subjects: Early Childhood-Grade 6; Core Subjects: Grades 4-8; English Language Arts and Reading: Grades 4-8; and English Language Arts and Reading/Social Studies: Grades 4-8. Each of the certificates was discontinued and replaced by the new certificate name including "with the Science of Teaching Reading" and the required examinations in October 2020.

The adopted amendment to Figure: 19 TAC §230.21(e) strikes the following retired certification exams: 270 Pedagogy and Professional Responsibilities for Trade and Industrial 6-12; 153 Educational Diagnostician EC-12; 152 School Counselor EC-12; 117 English Language Arts and Reading: Grades 4-8; and 291 Core Subjects: EC-6.

Technical Edits

The adopted amendment to Figure: 19 TAC §230.21(e) removes the section headers labeled "Certification Type (continued)" to support streamlining and readability of the figure.

Adopted Amendment to 19 TAC §230.21(f)

The adopted amendment to §230.21(f) clarifies that a passing score on a certification exam can be used for certification for up to one year after the last operational date of the exam. This amendment provides clarity to the field on the last date that an educator may be recommended for certification with a passing score on an exam that is no longer operational.

Subchapter D. Types and Classes of Certificates Issued

Adopted Amendment to 19 TAC §230.31

The adopted amendment to §230.31 adds §230.31(a)(9), which includes the enhanced standard certificate to the types of certificates issued by the SBEC. Additionally, adopted new §230.31(e) creates an implementation date of September 1, 2024, for the issuance of the enhanced standard certificate; establishes that the certificate type is only issued for the teacher class of certificates, is valid for five years, and is subject to renewal; and requires individuals to meet requirements as specified in adopted new §230.39, Enhanced Standard Certificates.

Adopted New 19 TAC §230.39

Adopted new §230.39 describes the requirements for issuance of an enhanced standard certificate upon successful completion of a teacher residency, as prescribed in the 19 TAC Chapter 228 adoption and includes the requirements for renewal of the certificate.

Subchapter G. Certificate Issuance Procedures

Adopted Amendment to 19 TAC §230.101(a)

The adopted amendment to §230.101(a) adds the fee for the enhanced standard certificate in §230.101(a)(3) and the fee for on-time renewal in renumbered §230.101(a)(16).

Technical edits were also made in cross references to statute, where applicable, to implement style requirements.

Adopted Amendment to 19 TAC §230.105

The adopted amendment to §230.105 adds the Deafblind Supplemental: Early Childhood-Grade 12 certificate to the list of certificates that are not eligible for certification by examination in §230.105(4) and renumbers subsequent provisions to §230.105(5) and (6). This amendment emphasizes the specialized skills, knowledge, and training required to receive the Deafblind Supplemental: Early Childhood-Grade 12 certificate and aligns with statutory requirements in TEC, §21.0485. The adopted amendment to §230.105 adds the enhanced standard certificate to the types of certificates a teacher may hold to be eligible to add an additional certificate via the certification by examination route.

SUMMARY OF COMMENTS AND RESPONSES: The public comment period on the proposal began December 29, 2023, and ended January 29, 2024. The SBEC also provided an opportunity for registered oral and written comments on the proposal at the February 16, 2024 meeting's public comment period in accordance with the SBEC board operating policies and procedures. The following public comments were received on the proposal.

Comment: A representative from the Texas Coalition of Educator Preparation commented in support of revisions to §230.1(18) and §230.21(e) of 19 TAC Chapter 230, Professional Educator Preparation and Certification, stating that the proposed revisions would allow for the expanded choice of exam instruments, allowing programs and candidates to choose an instrument that best met their programmatic needs. The commenter also commented in opposition to requiring a performance assessment as a certification exam, stating that performance assessments are appropriate only as formative tools to be embedded within program requirements.

Response: The SBEC agrees and disagrees. The SBEC agrees that the proposed update to the definition of pilot exam and the inclusion of a Texas-specific performance assessment would provide candidates and programs additional pedagogy exam options to meet their specific programmatic needs. The SBEC disagrees with the statement that performance assessments are appropriate only as formative tools. Performance assessments are appropriate for use as certification exams, and the SBEC is statutorily required to prescribe comprehensive examinations. The SBEC currently requires a performance assessment as a summative assessment for Principal as Instructional Leader certification.

Comment: A representative from Educate Texas commented in support of proposed new §230.39 commending the emphasis on hands-on, practice-based training and the differentiated residency preparation route and enhanced standard certificate. The commenter stated that the enhanced standard certificate would provide a clear signal to hiring districts about the additional practical preparation candidates received and their readiness to teach. The commenter stated that many Texas programs have been leading the way in implementing innovative residency models and the proposed new rule ensures more students have access to these types of opportunities.

Response: The SBEC agrees. The new Enhanced Standard certificate would distinguish candidates who successfully completed the residency preparation route and provide meaningful information to hiring districts.

Comment: An individual commented on proposed new §230.39, stating that a residency certificate should be approached with caution. The commenter stated that the success of the residency certificate would hinge on adequate funding, that the financial aspect would pose challenges for smaller rural schools, and that there would need to be standardization in terms of financial commitment from districts. The commenter stated that it would be crucial to emphasize the need for financial support from the TEA and State Board of Education (SBOE), stating that EPPs and districts would incur costs in implementing the residency model, which TEA and the SBOE should support.

Response: The SBEC disagrees. Implementation of the Residency Route associated with the Enhanced Standard certificate is completely optional for EPPs and would only be implemented by EPPs that establish the structures and partnerships necessary to support the Residency pathway leading to issuance of the certificate. EPPs that choose to offer Residency pathways would collaborate with their partnering districts to recruit and prepare candidates in the needed certificate categories. A variety of programs currently offer residency-like support in diverse geographical and programmatic settings and have done so for years without additional state funding sources. In addition, TEA has made technical assistance available to EPPs and partnership districts since 2022 to implement sustainably paid residency models.

Comment: An individual commented in opposition to the removal of the two-year classroom teaching requirement for certification as a school counselor, requesting the following proposed language be added to rule.

(a) completed a minimum 48-hour master's degree in school counseling; or (b) completed a minimum 48-hour master's degree in counseling and: (1) has been licensed or certified as a school counselor in good standing in another state for at least two years immediately prior to application; (2) completes a mentorship under a certified school counselor for an entire school year; or (3) completes a graduate non-degreed program of study in school counseling that aligns with the Texas Model for Comprehensive School Counseling Programs and is approved by the State Board for Educator Certification.

Response: The SBEC neither agrees nor disagrees. The public comment is outside the scope of the proposed rulemaking, as counselor requirements are included in 19 TAC Chapter 239, Student Services Certificates. The SBEC was directed to begin the rulemaking process in separate SBEC rulemaking to implement the change in requirements to issue the school counselor certificate no later than January 1, 2024, to comply with Senate Bill 798, 88th Texas Legislature, Regular Session, 2023.

STATUTORY AUTHORITY. The amendment is adopted under Texas Education Code (TEC), §21.041(b)(1), (2), and (4), which require the State Board for Educator Certification (SBEC) to propose rules that provide for the regulation of educators and the general administration of TEC, Chapter 21, Subchapter B, in a manner consistent with TEC, Chapter 21, Subchapter B; specify the classes of educator certificates to be issued, including emergency certificates; and specify the requirements for the issuance and renewal of an educator certificate; TEC, §21.044(a)-(f), which requires SBEC to make rules specifying what each educator is expected to know and be able to do, establishing training requirements that a candidate must accomplish to attain a certificate, and setting out the minimum academic qualifications required for certification. It also specifies certain required training and minimum academic qualifications for certification; TEC, §21.048, which states the SBEC shall propose rules prescribing comprehensive examinations for each class of certificate issued by the board that includes not requiring more than 45 days elapsing between examination retakes and that starting January 1, 2021, all candidates teaching prekindergarten through grade six must demonstrate proficiency in the science of teaching reading on a certification examination; TEC, §21.0485, which states that to be eligible for certification to teach students with visual

impairments, a person must complete all coursework required for that certification in an approved EPP or alternative EPP, perform satisfactorily on required certification exams, and satisfy other requirements established by the SBEC; TEC, §21.050(a), which states a person who applies for a teaching certificate must possess a bachelor's degree; TEC, §21.050(b), which states the SBEC shall provide for a minimum number of semester credit hours of field-based experience or internship; TEC, §21.050(c), which states a person who receives a bachelor's degree required for a teaching certificate on the basis of higher education coursework completed while receiving an exemption from tuition and fees under TEC, §54.363, which may not be required to participate in any field experience or internship consisting of student teaching to receive a teaching certificate; and TEC, §22.082, which requires SBEC to subscribe to the criminal history clearinghouse as provided by Texas Government Code, §411.0845, and may obtain any law enforcement or criminal history records that relate to a specific applicant for or holder of a certificate issued under Chapter 21, Subchapter B; and Texas Occupations Code, §54.003, which states a licensing authority shall provide accommodations and eligibility criteria for examinees diagnosed as having dyslexia.

CROSS REFERENCE TO STATUTE. The amendment implements Texas Education Code (TEC), §§21.041(b)(1), (2), and (4); 21.044(a)-(f); 21.048; 21.0485; 21.050; 22.082; and Texas Occupations Code, §54.003.

§230.21. Educator Assessment.

(a) A candidate seeking certification as an educator must pass the examination(s) required by Texas Education Code (TEC), §21.048, and the State Board for Educator Certification (SBEC) in §233.1(e) of this title (relating to General Authority) and shall not retake an examination more than four times, unless the limitation is waived for good cause. The burden of proof shall be upon the candidate to demonstrate good cause.

(1) For the purposes of the retake limitation described by TEC, §21.048, an examination retake is defined as a second or subsequent attempt to pass any examination required for the issuance of a certificate, including an individual core subject examination that is part of the overall examination required for the issuance of a Core Subjects certificate as described in §233.2 of this title (relating to Early Childhood; Core Subjects).

(A) A canceled examination score is not considered an examination retake.

(B) An examination taken by an educator during a pilot period is not considered part of an educator's five-time test attempt limit.

(C) Pursuant to TEC, §21.0491(d), the limit on number of test attempts does not apply to the trade and industrial workforce training certificate examination prescribed by the SBEC.

(D) A candidate who fails a computer- or paper-based examination cannot retake the examination before 30 days have elapsed following the candidate's last attempt to pass the examination.

(2) Good cause is:

(A) the candidate's highest score on an examination is within one conditional standard error of measurement (CSEM) of passing, and the candidate has completed 50 clock-hours of educational activities. CSEMs will be published annually on the Texas Education Agency (TEA) website;

(B) the candidate's highest score on an examination is within two CSEMs of passing, and the candidate has completed 100 clock-hours of educational activities;

(C) the candidate's highest score on an examination is within three CSEMs of passing, and the candidate has completed 150 clock-hours of educational activities;

- (D) the candidate's highest score on an examination is not within three CSEMs of passing, and the candidate has completed 200 clock-hours of educational activities;
- (E) if the candidate needs a waiver for more than one of the individual core subject examinations that are part of the overall examination required for the issuance of a Core Subjects certificate, the candidate has completed the number of clock-hours of educational activities required for each individual core subject examination as described in subparagraphs (A)-(D) of this paragraph up to a maximum of 300 clock-hours. The number of clock-hours for each examination may be divided equally based on the number of examinations in the waiver request, but the number of clock-hours for an examination shall not be less than 50; or
- (F) if a CSEM is not appropriate for an examination, the TEA staff will identify individuals who are familiar and knowledgeable with the examination content to review the candidate's performance on the five most recent examinations, identify the deficit competency or competencies, and determine the number of clock-hours of educational activities required.
- (3) Educational activities are defined as:
- (A) institutes, workshops, seminars, conferences, interactive distance learning, video conferencing, online activities, undergraduate courses, graduate courses, training programs, in-service, or staff development given by an approved continuing professional education provider or sponsor, pursuant to §232.17 of this title (relating to Pre-Approved Continuing Professional Education Provider or Sponsor) and §232.19 of this title (relating to Approval of Private Companies, Private Entities, and Individuals as Continuing Professional Education Providers), or an approved educator preparation program (EPP), pursuant to Chapter 228, Subchapter B, of this title (relating to Approval of Educator Preparation Programs); and
- (B) being directly related to the knowledge and skills included in the certification examination competency or competencies in which the candidate answered less than 70 percent of competency questions correctly. The formula for identifying a deficit competency is the combined total of correct answers for each competency on the five most recent examinations divided by the combined total of questions for each competency on the five most recent examinations.
- (4) Documentation of educational activities that a candidate must submit includes:
- (A) the provider, sponsor, or program's name, address, telephone number, and email address. The TEA staff may contact the provider, sponsor, or program to verify an educational activity;
- (B) the name of the educational activity (e.g., course title, course number);
- (C) the competency or competencies addressed by the educational activity as determined by the formula described in paragraph (3)(B) of this subsection;
- (D) the provider, sponsor, or program's description of the educational activity (e.g., syllabus, course outline, program of study); and
- (E) the provider, sponsor, or program's written verification of the candidate's completion of the educational activity (e.g., transcript, certificate of completion). The written verification must include:
- (i) the provider, sponsor, or program's name;
- (ii) the candidate's name;
- (iii) the name of the educational activity;
- (iv) the date(s) of the educational activity; and
- (v) the number of clock-hours completed for the educational activity. Clock-hours completed before the most recent examination attempt or after a request for a waiver is submitted shall not be included. One semester credit hour earned at an accredited institution of higher education is equivalent to 15 clock-hours.
- (5) To request a waiver of the limitation, a candidate must meet the following conditions:
- (A) the candidate is otherwise eligible to take an examination. A candidate seeking a certificate based on completion of an EPP must have the approval of an EPP to request a waiver;
- (B) beginning September 1, 2016, the candidate pays the non-refundable waiver request fee of \$160;
- (C) the candidate requests the waiver of the limitation in writing on forms developed by the TEA staff; and
- (D) the request for the waiver is postmarked not earlier than:
- (i) 30 calendar days after an unsuccessful attempt at the fourth retake of an examination as defined in TEC, §21.048; or
- (ii) 90 calendar days after the date of the most recent unsuccessful examination attempt that was the result of the most recently approved request for waiver of the limitation.
- (6) The TEA staff shall administratively approve each application that meets the criteria specified in paragraphs (2)-(5) of this subsection.
- (7) An applicant who does not meet the criteria in paragraphs (2)-(5) of this subsection may appeal to the SBEC for a final determination of good cause. A determination by the SBEC is final and may not be appealed.

(b) A candidate seeking a standard certificate as an educator based on completion of an approved EPP may take the appropriate certification examination(s) required by subsection (a) of this section only at such time as the EPP determines the candidate's readiness to take the examinations, or upon successful completion of the EPP, whichever comes first.

(c) The holder of a lifetime Texas certificate effective before February 1, 1986, must pass examinations prescribed by the SBEC to be eligible for continued certification, unless the individual has passed the Texas Examination of Current Administrators and Teachers (TECAT).

(d) The commissioner of education approves the satisfactory level of performance required for certification examinations, and the SBEC approves a schedule of examination fees and a plan for administering the examinations.

(e) The appropriate examination(s) required for certification are specified in the figure provided in this subsection. For issuance of a probationary or standard certificate in more than one certification category, a candidate must pass the appropriate pedagogy examination specified in the figure provided in this subsection for any one of the certificates sought.

Figure: 19 TAC §230.21(e)

(f) Scores from examinations required under this title must be made available to the examinee, the TEA staff, and, if appropriate, the EPP from which the examinee will seek a recommendation for certification. Candidates may use passing scores on an examination required under this section for certification if the candidate is recommended for certification up to one year after the last operational date for the examination as prescribed in Figure: 19 TAC §230.21(e).

(g) The following provisions concern ethical obligations relating to examinations.

(1) An educator or candidate who participates in the development, design, construction, review, field testing, scoring, or validation of an examination shall not reveal or cause to be revealed the contents of the examination to any other person.

(2) An educator or candidate who administers an examination shall not:

(E) otherwise engage in conduct that amounts to cheating, deception, or fraud.

(4) An educator, candidate, or other test taker shall not:

(A) solicit information about the contents of test items on an examination that the educator, candidate, or other test taker has not already taken from an individual who has had access to those items, or offer information about the contents of specific test items on an examination to individuals who have not yet taken the examination;

(B) fail to pay all test costs and fees as required by this chapter or the testing vendor; or

(C) otherwise engage in conduct that amounts to violations of test security or confidentiality integrity, including cheating, deception, or fraud.
