Background

As per the *Elementary and Secondary Education Act* (ESEA), as amended by the *Every Student Succeeds Act* (ESSA), Title IV, Part A (TIVA), Subpart 1 sections [4104\(a\)\(2\)](#) and [4106\(e\)\(1\)\(E\)](#), TEA is required to collect and publicly report how all Local Educational Agency (LEA) TIVA, Subpart 1 funds are being expended per content areas by Federal Fiscal Year (FFY) and the degree to which progress has been made toward meeting program objectives and intended outcomes.

ESEA, as amended by ESSA, Title IV, Part A, Section [4104\(a\)\(2\)](#)

(a)(2) Each State that receives an allotment under section [4103](#) shall publicly report on how funds made available under this subpart are being expended by local educational agencies, including the degree to which the local educational agencies have made progress toward meeting the objectives and outcomes described in ESSA, section [4106\(e\)\(1\)\(E\)](#).

To comply with the federal requirements referenced, TEA will launch the LEA TIVA Special Data Collection. Every LEA that applies for TIVA funds will be required to complete the report.

LEAs that redirect 100% of their TIVA funding via Funding Transferability and/or the Rural Education Achievement Program (REAP) will certify that they redirected 100% of their TIVA funds to implement other programs and will not be required to provide the following data.

Every LEA that implements a TIVA program will be required to provide the following data by Federal Fiscal Year (FFY), which is considered for the life of the grant funds (generally, 27 months):

- Two TIVA Program Objectives and corresponding Measurable Outcomes
 - Initial Progress for each of the TIVA Program Objectives and corresponding Measurable Outcomes
 - Final Progress for each of the TIVA Program Objectives and corresponding Measurable Outcomes
- TIVA Expenditures by Service/Content Area(s):
 - Direct Administration Costs;
 - Activities to Support Well-Rounded Education Opportunities;
 - Activities to Support Safe and Healthy Students;
 - Activities to Support Effective Use of Technology; and
 - Technology Infrastructure.

Note: The TIVA Expenditures by Service/Content Area data were previously collected in the ESSA Consolidated Compliance Report PR3107 – Title IV, Part A. TEA discontinued the collection of these data in PR3107 – Title IV, Part A in 2022-2023. The additional data collected in the PR3107 will continue to be collected via the PR3107 (i.e., program compliance self-check).

Introduction

This Handbook is intended to assist LEAs in completing the *TIVA LEA Special Data Collection* process as part of TEA’s federal requirement to collect and publicly report data. All data submitted will be **publicly** reported; therefore, the LEA should not include any confidential or *Family Educational Rights and Privacy Act* (FERPA) protected information.

This Handbook is available on the Federal Program Compliance Division’s web page under [“Title IV, Part A Resources.”](#)

The information requested for submission during the *TIVA LEA Special Data Collection* process may not include all forms of documentation that are required to be maintained locally.

If eligible LEAs do not submit the required information by the deadline, LEAs will be non-compliant and may be referred to the TEA Compliance Officer and/or the Federal Fiscal Monitoring Division for further review.

Progress Reporting
(FFY 07/01/2022 – 09/30/24)

There will be two phases of progress reporting, initial and final.

1. In the initial phase of progress reporting, the LEA will be required to report on the progress made toward meeting the intended measurable outcomes for each of the program objectives reported for use of TIVA funds during the 2022-2023 school year. The reporting window for the initial progress reporting phase opens on October 1, 2023, and the due date for submitting the initial progress report is December 1, 2023. If 100% of TIVA funds were expended for the current year, the initial report will be considered the final report for the LEA. If 2022-2023 TIVA funds were carried into 2023-2024, the LEA will need to report final progress.
2. The final phase of progress reporting for LEAs that carried over 2022-2023 TIVA funds into the 2023-2024 school year opens on October 1, 2024, and the due date for submitting the final progress report is December 1, 2024.

Reporting Period	Stage of LEA Progress Reporting	Reporting Opens	Submission Date
07/01/2022 – 09/30/2023	Initial Phase Reporting	October 1, 2023	December 1, 2023
10/01/2023 – 09/30/2024*	Final Phase Reporting	October 1, 2024	December 1, 2024

*Reporting only applicable if carryover of funds into next school year.

Progress Reporting Options

- Minimal measurable progress was made (0-25% progress).
- Some measurable progress was made (26-49% progress).
- Substantial progress was made (50-99% progress).
- Outcomes were met (100% progress).

Title IV, Part A Expenditures
(FFY 07/01/2022 – 09/30/24)

LEAs will only provide TIVA Program Objectives and Measurable Outcomes for the 2022-2023 school year. The first phase of TIVA expenditures data collection starts in October 2023. The TEA Federal Program Compliance (FPC) Smartsheet WorkApp for the *TIVA LEA Special Data Collection* opened on October 1, 2023, and the due date for submitting the expenditures data is December 1, 2023.

Please note that this data collection does not replace the Expenditure Reporting (ER) process required for drawdown purposes. LEAs will continue to report expenditures as per the existing ER process.

LEAs must track TIVA current-year expenditures *separately* from expenditures made with funds carried over from the prior year. The LEA will report FFY 2022 TIVA expenditures from

07/01/2022 – 09/30/2023 by Service/Content Area(s). **The amounts reported should not include funds carried over from the 2021-2022 school year.**

Additionally, LEAs *must* track expenditures by Service/Content Area(s):

- Direct Administration Costs;
- Activities to Support Well-Rounded Education Opportunities;
- Activities to Support Safe and Healthy Students;
- Activities to Support Effective Use of Technology; and
- Technology Infrastructure.

If 100% of TIVA funds were expended for the 2022-2023 year, the initial report will be considered the final report for the LEA. If TIVA funds were carried over into 2023-2024, the LEA will need to report final expenditures from 10/01/2023 – 09/30/2024 by Service/Content Area(s).

The final phase of reporting for LEAs that carried over TIVA funds into the 2023-2024 school year opens on October 1, 2024, and the due date for submitting the final expenditures is December 1, 2024.

Reporting Period	Stage of LEA Reporting	Reporting Opens	Submission Date
07/01/2022 – 09/30/2023	Current-Year Expenditures	October 1, 2023	December 1, 2023
10/01/2023 – 09/30/2024*	Carryover Expenditures	October 1, 2024	December 1, 2024

*Reporting only applicable if carryover of funds into next school year

Please include the following information referenced in the table below in order to demonstrate compliance with the TIVA program expenditure requirements described above.

Information Requested	Description of Acceptable Information
TIVA Expenditures	Expenditures by Service/Content Area(s): <ul style="list-style-type: none"> ○ Direct Administration Costs; ○ Activities to Support Well-Rounded Education Opportunities; ○ Activities to Support Safe and Healthy Students; ○ Activities to Support Effective Use of Technology; and ○ Technology Infrastructure
