

Accountability System for Educator Preparation (ASEP) Indicator 2: Principal Appraisal of First-Year Teachers

LETOURNEAU UNIVERSITY

This report presents results from the principal survey of beginning teachers. In this survey, principals describe the preparation of new teachers in six categories of practices. Principals complete surveys for first-year teachers who graduated at any time during the 5 years prior to the reporting period and who taught in the Texas public school system for a minimum of 5 months during the reporting period. Teachers on both standard and probationary certificates are included.

Percentages note the percent of teachers prepared by an EPP who received an average score of Sufficiently Prepared or Well Prepared when all applicable questions were averaged, and within each of the six categories. The overall percentage serves as indicator 2 of the Accountability System for Educator Preparation (ASEP) Accountability Performance Indicators. The percentages within each category are Consumer Information, required by the Texas Education Code. Due to teachers having strengths in different areas and the way the overall indicator is computed, the percentages in the six categories cannot be expected to average to the overall proficiency standard. 2016-17 Percentage of Teachers Rated Sufficiently or Well Prepared

LETOURNEAU UNIVERSITY (N=23)

Classroom Environment	EPP	State
To effectively implement discipline management procedures	74%	82%
To communicate clear expectations for achievement and behavior that promote and encourage self-discipline and self-directed learning	78%	84%
To provide support to achieve a positive, equitable, and engaging learning environment	87%	89%
To build and maintain positive rapport with students	91%	92%
To build and maintain positive rapport and two-way communication with students' families	91%	89%
Instruction	EPP	State
To implement varied instruction that integrates critical thinking, inquiry, and problem solving	78%	86%
To respond to the needs of students by being flexible in instructional approach and differentiating instruction	78%	86%
To use the results of formative assessment data to guide instruction	78%	86%
To engage and motivate students through learner-centered instruction	83%	87%
To integrate effective modeling, questioning, and self-reflection (self-assessment) strategies into instruction	83%	87%
To assume various roles in the instructional process (e.g. instructor, facilitator, audience)	87%	88%
To set clear learning goals and align instruction with standards-based content	91%	89%
To provide quality and timely feedback to students	87%	90%
Students with Disabilities	EPP	State
To differentiate instruction to meet the academic needs of students with disabilities	83%	84%
To differentiate instruction to meet the behavioral needs of students with disabilities	83%	82%
To provide appropriate ways for students with disabilities to demonstrate their learning	83%	87%
To understand and adhere to the federal and state laws that govern special education services	94%	91%
To make appropriate decisions (e.g., when and how to make accommodations and/or modifications to instruction, assessment, materials, delivery, and classroom procedures) to meet the learning needs of students who have an IEP	83%	88%
To develop and/or implement formal and informal assessment that track students' progress toward IEP goals and objectives	78%	86%
To collaborate with others, such as para-educators and other teachers, in meeting the academic, developmental, and behavioral needs of students with disabilities	100%	91%
English Language Learners	EPP	State
To provide appropriate ways for LEP-ELL students to demonstrate their learning	100%	88%
To understand and adhere to federal and state laws that govern education services for LEP-ELL students	100%	91%
To comply with district and campus policies and procedures regarding LEP-ELL students	100%	93%
To support LEP-ELL students in mastering the Texas Essential Knowledge and Skills (TEKS), including the English Language Proficiency Standards (ELPS)	100%	88%
To model and teach the forms and functions of academic English in content areas	94%	89%
Technology Integration	EPP	State
To use technology available on the campus to integrate curriculum TEKS and Technology Application TEKS to support student learning	91%	94%
To provide technology based classroom learning opportunities that allow students to interact with real-time and/or On line content	83%	92%
To teach students developmentally appropriate technology skills	87%	92%
To use technology to make learning more active and engaging for students	83%	92%
Using Technology with Data	EPP	State
To use available technology to collect, manage and analyze student data using software programs (such as Excel or an electronic gradebook)	96%	92%
To use available technology to collect, manage, and analyze data from multiple sources in order to interpret learning results for students	91%	90%
To use available technology to document student learning to determine when an intervention is necessary and appropriate	91%	89%
To use available technology to collect and manage formative assessment data to guide instruction	91%	90%

Percentage of First Year Teachers Appraised as Sufficiently or Well Prepared from 2015 – 2017
