Schedule #2—Required Attachments and Provisions and Assurances County-district number or vendor ID: 071909 Amendment # (for amendments only): Part 3: Program-Specific Provisions and Assurances

I certify my acceptance of and compliance with all program-specific provisions and assurances listed below

_	M	I certify my acceptance of and compliance with all program-specific provisions and assurances listed below.
_	#	Provision/Assurance
	1.	The applicant provides assurance that program funds will supplement (increase the level of service), and not supplant (replace) state mandates, State Board of Education rules, and activities previously conducted with state or local funds. The applicant provides assurance that state or local funds may not be decreased or diverted for other purposes merely because of the availability of these funds. The applicant provides assurance that program services and activities to be funded from this grant will be supplementary to existing services and activities and will not be used for any services or activities required by state law, State Board of Education rules, or local policy.
	2.	the Family Educational Rights and Privacy Act (FERPA) from general release to the public
_	3.	same free, appropriate public education, including a public prekindergarten programs in accordance with TEC 29.153, as provided to other children and youth
 -	4 .	The applicant provides assurance that it will review and revise any policies that may act as barriers to the identification, enrollment and retention of homeless children and unaccompanied youth; including policies related to outstanding fees, fines, absences, proof of residency, immunizations, birth certificates, guardianships, school records, transportation and other documentation.
; ;	5.	The applicant provides assurance that it will provide access to educational and other services needed for homeless children and unaccompanied youth, to ensure that such children and youth have an opportunity to meet the same challenging state academic standards to which all students are held.
6	3. 	The applicant provides assurance that the use of subgrant funds will comply with section 722(g)(3) through (7) of the McKinney-Vento Homeless Assistance Act
7	7. 	The applicant provides assurance that all homeless children and unaccompanied youth receive prompt and appropriate placement in programs such as: Special Education, Career and Technical, Gifted and Talented, and Bilingual/ESL Education.
8	3.	The applicant provides assurance that all data requests from TEA and any entity acting on the behalf of TEA are accurately and promptly reported.
9).	The applicant provides assurance that midyear and end of year performance evaluation reports are submitted for each year grant funds are received.
10	0.	The applicant provides assurance that it will collaborate with district stakeholders to implement and monitor early warning academic interventions, to ensure on time promotion and graduation for homeless children and unaccompanied youth.
1	1.	The applicant provides assurance that collaboration will occur with the homeless liaison and district stakeholders for proper identification and coding of homeless children and unaccompanied youth.
12	2.	The applicant provides assurance that services provided by grant funds will not replace regular academic programs.
13	3.	The applicant provides assurance that all identified and enrolled homeless children and unaccompanied youth are accurately reported in TSDS PEIMS in a timely manner.
14	F.	The applicant provides assurance of collaboration with local social service agencies to provide support services and community resources for homeless children, unaccompanied youth and their families.
15	j.	transportation to the school of origin, when requested by the parent, guardian, or unaccompanied youth, if it is deemed in the best interest of the student.
16	!_	The applicant provides assurance that performance and fiscal monitoring reports are submitted for each year grant funds are received.
17		The applicant provides assurance that it will remove barriers to accessing academic and extracurricular activities, including magnet school, summer school, career and technical education, advanced placement, online learning, and charter school programs.

Schedule #3—Certification of Shared Services

County-district number or vendor ID: 071909

Amendment # (for amendments only):

I, as one of the below member entity authorized officials, certify that to the best of my knowledge, the information contained in this application is correct and complete, that the entity that I represent has authorized me to file this application, and that such authorization action is recorded in the minutes of the local agency's board meeting.

The participating or intermediate education agency named has been designated as the administrative and fiscal agent for this project and is authorized to receive and expend funds for the conduct of this project. The fiscal agent is accountable for all shared services arrangement (SSA) activities and is therefore responsible for ensuring that all funds including payments to members of SSAs are expended in accordance with applicable laws and regulations.

All participating agencies have entered into a written SSA agreement that describes the responsibilities of the fiscal agent and SSA members, including the refund liability that may result from on-site monitoring or audits and the final disposition of equipment, facilities, and materials purchased for this project from funds specified below.

It is understood that the fiscal agent is responsible for the refund for any exceptions taken as a result of on-site monitoring or audits; however, based upon the SSA agreement, which must be on file with the fiscal agent for review, the fiscal agent may have recourse to the member agencies where the discrepancy(ies) occurred.

Any additional funds that result from an increase will not require additional signatures. Each member identified below acknowledges accountability for the requirements contained in the provisions and assurances listed in Schedule #2, Parts 2 and 3, as applicable. Each member entity certifies its agreement to participate in this SSA, as stated throughout this grant application.

Schedule #5—Program Executive Summary

County-district number or vendor ID: 071909

Amendment # (for amendments only):

Provide a brief overview of the program you plan to deliver. Refer to the instructions for a description of the requested elements of the summary. Response is limited to space provided, front side only, font size no smaller than 10 point Arial. Socorro ISD is applying for the TEHCY grant with the purpose of supporting our student population that is experiencing homelessness. Our district has 665 students who are currently coded as homeless, and we have administered the TEXSHEP grant for the prior three years. The TEXSHEP grant provided, as the TEHCY grant will continue to provide, increased academic support to students who are experiencing homelessness in the form of individual and small group supplemental instruction both during the school day and after school. Our district has a number of programs and initiatives in place to serve our sizable at-risk population, and our students who experience homelessness are a set of students who are at-risk with particular and unique needs. Therefore, our desire to receive this grant centers around our need to close academic gaps for this specific and vulnerable population of students.

The budget developed for our grant is focused on payroll costs (expenditure object 6100) to hire instructional aides to work with students experiencing homelessness in a personalized setting, which is both individual instruction and small group instruction, where applicable (i.e. where students are attending school). In compliance with McKinney-Vento legislation, Socorro ISD has a Title I specialist on staff in the Department of State and Federal Programs who serves as the district's homeless liaison. From there, a portion of Title I, Part A funds set aside at the district level are used to assist our homeless students with basic needs (expenditure object 6300) to include school uniforms, backpacks, instructional supplies, and dental/vision screenings and services. This grant application illustrates an opportunity for us to be able to provide necessary instructional support to our homeless student population, which is a clear need in a district-wide fashion with 665 students experiencing homelessness. With the identification rate at that level, this population's academic performance impacts district and campus accountability and is identified as a need in our comprehensive needs assessment.

The grant program will be managed through the Socorro ISD Department of State and Federal Programs. The department director will be responsible for the administration of the grant. The Title I specialist in the department who is identified as the district's homeless liaison will facilitate grant activity on a day to day basis, which will encompass keeping consistent contact with instructional aides hired through the grant, providing training to said hired personnel, coordinating work schedules based on student need, and ensuring that appropriate documentation is kept with respect to provision of services. The department director, Title I specialist, and staff accountant will establish a budget and ensure that all fiscal guidelines are met as per state and federal laws and regulations.

The evaluation of this grant program will be based on academic achievement indicators to include district benchmark assessments, promotion to the next grade level, graduation rate, dropout rate, attendance rate, and performance on State of Texas Assessments of Academic Readiness (STAAR) examinations. These indicators are analyzed in both a formative and summative fashion by Socorro ISD throughout the year for our homeless population, and will continue to be in accordance with McKinney-Vento legislation and the regulations of the Texas Education Agency and this specific grant.

Schedule #5—Program Executive Summary (cont.)

County-district number or vendor ID: 071909

Amendment # (for amendments only):

Provide a brief overview of the program you plan to deliver. Refer to the instructions for a description of the requested elements of the summary. Response is limited to space provided, front side only, font size no smaller than 10 point Arial.

In Socorro ISD, all McKinney-Vento legal requirements are in compliance at the district level and at all campuses with respect to educating students who are experiencing homelessness, and it is consistently ensured without fail that barriers to their education are removed. All TEA requirements are addressed in all appropriate schedules within this grant application. Additionally, FERPA and all other privacy laws are observed for this group and all groups of students. Finally, this grant application defines our district's compliance with TEA General and Fiscal Guidelines.

For three years, Socorro ISD has administered the TEXSHEP grant, and as it draws to an end, we would like for the TEHCY grant to be awarded to us so that we may continue providing a high level of service to our homeless population for the next three years. The district has been committed to ensuring compliance with McKinney-Vento since its inception, and these grants have helped us to bolster those efforts. Title I, Part A funds and State Compensatory Education funds are alternate sources of funding to continue the ongoing programmatic nature of the grant objectives in the event that funding terminates, but it must be stressed that this grant offers us an opportunity to go to a higher level of service in specifically educating our homeless student population.

Schedule #13—Needs Assessment

County-district number or vendor ID: 071909

Amendment # (for amendments only):

Part 1: Process Description. A needs assessment is a systematic process for identifying and prioritizing needs, with "need" defined as the difference between current achievement and desired outcome or required accomplishment. Describe your needs assessment process, including a description of how needs are prioritized. If this application is for a district level grant that will only serve specific campuses, list the name of the campus(es) to be served and why they were selected. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

This grant is a district-level grant, and specific campuses will not be listed due to the fact that time and effort are provided at all campuses that have need at any given time with respect to the enrolled homeless student population. For the purposes of this grant, the focus is exclusively on our district's homeless population. With that, we looked at the educational needs of that specific group of students. As was mentioned in a previous section, we employ a Title I specialist who serves as our district's homeless liaison; her primary job responsibility is to monitor our identified homeless students on their attendance and academic progress. We also have an amount of Title I, Part A funds set aside at the district level to assist these students with general supply needs and basic health services. Training is also provided to campus registrars and administrators on the McKinney-Vento Act in order to ensure that barriers do not exist with respect to homeless students being able to enroll in school.

With the above needs identified and addressed, our focus then shifts to homeless student academic support. We have identified the needs for our homeless population to be promoted to the next grade, earn credit toward graduation, to be able to graduate and have an understanding of postsecondary education opportunities, to not drop out, and to be successful on mandated state assessments (STAAR and end of course). We intend to use this grant to pay for at least four additional instructional aides who will provide individual and small group instructional support to our homeless population in an exclusive fashion. Our Title I specialist/homeless liaison will set the master schedule of assignments for the instructional aides on a monthly basis through monitoring of enrollment and need; she will also provide training to them for their job responsibilities. Personnel assignments and needs will be shared with department director for approval. Additionally, while parent outreach efforts are made by our Title I specialist, parent/family engagement liaisons, Communities in Schools employees, counselors, and others, it is understood that parents who head families who experience homelessness are in the category of being "hard to reach." This grant will allow us to get to know these students on a higher level, and having success in that area would be intended to assist us in being able to reach more of their parents and ensure that referrals to outside agencies for needed services take place in a more consistent fashion.

Schedule #13—Needs Assessment (cont.)

County-district number or vendor ID: 071909

Amendment # (for amendments only):

Part 2: Alignment with Grant Goals and Objectives. List your top five needs, in rank order of assigned priority.

Describe how those needs would be effectively addressed by implementation of this grant program. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

10 3	o space provided, front side only. Use Arial font, no smaller than 10 point.						
#	Identified Need	How Implemented Grant Program Would Address					
1.	Academic progress gaps between our homeless student population and non-homeless student population need to be closed.	Use of additional instructional aides to supplement general instruction individually and in small groups					
2.	Homeless student population attendance needs to improve	Instructional aides can monitor student attendance due to individual interaction with homeless students					
3.	Continued efforts to identify and code students experiencing homelessness are still needed	The grant, through additional instructional personnel, provides a greater ability to be able to connect to the campuses from the central office; we can go beyond the minimum of identification and enrollment.					
4.	Continued efforts to reach homeless students' parents and involve them more in the education of their children is needed.	Individual connections to students can be a gateway to being able to reach their parents and involve them at a greater level.					
5.	Continued efforts must be made to ensure that families experiencing homelessness have opportunities to benefit from needed services that can be obtained through referrals to outside agencies and partners.	Through being able to foster more communication with our homeless student population and their parents, we can become aware of what their basic needs are and assist with provision of services. In turn, improvement in the daily life situation should have a continued positive effect on these students' educational experiences.

Schedule #14—Management Plan (cont.)

County-district number or vendor ID: 071909

Amendment # (for amendments only):

Part 3: Feedback and Continuous Improvement. Describe the process and procedures your organization currently has in place for monitoring the attainment of goals and objectives. Include a description of how the plan for attaining goals and objectives is adjusted when necessary and how changes are communicated to administrative staff, teachers, students, parents, and members of the community. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Socorro ISD has a comprehensive district improvement plan and all campuses have their comprehensive campus improvement plans as required by law. Each plan has goals, objectives, and strategies that are established from the comprehensive needs assessment process. The plan cycle begins in July after the plans have been created and approved, with formative assessments in October and January. The summative evaluation takes place in May. The formative evaluations and summative evaluations require documentation on how much progress has been made on each particular strategy. Each objective is evaluated as a summative evaluation, and the objective evaluations then provide a frame of reference that shows how well the district/campus has progressed on its goals.

District and campus improvement plans are "living documents" that require change as needs arise during a school year. If a new need comes about or a new program or initative is implemented, those changes are reflected in the plans and communicated accordingly. Major programs and initiatives are communicated in a broad range to stakeholders, and smaller changes are communicated to the specific stakeholders affected by the new objectives/strategies. The district and campus improvement plans are all placed on the district website and are updated periodically when changes occur.

Part 4: Sustainability and Commitment. Describe any ongoing, existing efforts that are similar or related to the planned project. How will you demonstrate a commitment to education for all homeless children and unaccompanied youth? Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Our district has full compliance with the McKinney-Vento law and its specific regulations. For all students who have been identified as homeless/unaccompanied youth and for those who will be identified in the future, it is understood in a district-wide fashion that barriers shall not exist for enrollment in school and to access to all programs, both general and specific to student need. Our partnership between and among Department of State and Federal Programs staff, campus administrators, parent and family engagement liaisons, communities in schools coordinators, and counselors ensures that a commitment to educate all students who are homeless and/or unaccompanied youth is firmly in place.

With respect to existing efforts that are similar to what is proposed for this grant, we employ instructional aides who specifically provide instruction to students who are identified as migrant through Title I, Part C-Migrant Education. We also employ instructional aides who serve at-risk students through State Compensatory Education, and we also have instructional aides and college tutors who are paid out of Title I, Part A and contribute to the schoolwide educational program. Students experiencing homelessness are able to receive assistance through the Title I, Part A schoolwide program and through state compensatory education, and if a homeless student is also a migrant student, then those services would also be available. With that, programmatic access by the homeless population is assured through other avenues, with the reiteration that this grant bolsters their educational opportunity in an exclusive fashion, particularly with 665 students currently coded as homeless in our district.

	needed services	_3	·	

Part 2: Data Collection and Problem Correction. Describe the processes for collecting data that are included in the evaluation design, including program-level data such as program activities and the number of participants served, and student-level academic data, including achievement results and attendance data. How are problems with project delivery to be identified and corrected throughout the project? Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

3.

With respect to the identification and coding of homeless students, a student residency questionnaire (SRQ) is filled out by every student who registers at any campus in the district. If the campus registrar and campus administrator determine that the student is homeless or is possibly homeless, our district McKinney-Vento liaison (Title I Specialist) is contacted. Once the determination is made that the student is homeless, the student is coded, enrolled, and any immediate services needed are addressed. At that point, our grant proposal focuses on ensuring that student attendance monitoring and academic needs are addressed and met. Throughout the project, if attendance is reported to be an issue for a student or group of students, then an outreach effort will take place through the McKinney-Vento liaison to correct the problem. Academics are also monitored on a regular basis, and sometimes, the project delivery will change with respect to which students are exhibiting the greatest academic needs. Some may be doing better with attendance and academics, and some may not be doing as well; the consistency of the monitoring piece from the McKinney-Vento liaison and the homeless instructional aides will allow for changes to be made to the delivery of services to particular students.

Schedule #16—Responses to Statutory Requirements (cont.)
County-district number or vendor ID: 071909 Amendment # (for amendments only):
Statutory Requirement 2b: Describe how the proposed use of funds will facilitate the identification, enrollment, and educational success of homeless children and unaccompanied youth. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.
Being able to employ extra personnel who are dedicated to providing educational assistance to homeless students and unaccompanied youth increases the chance of this population having better success academically. Our district's identification and enrollment procedures are in place and are followed, but more personnel specifically funded to work with homeless students will only accentuate those systems that are presently in place.
Statutory Requirement 2c: Describe the extent to which the applicant will promote the meaningful involvement of parents or guardians of homeless children and the youth in the education of their children. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.
With extra personnel on hand who can work with homeless students in a direct fashion instructionally and thus be able to monitor their attendance in school, an opportunity will arise to be able to get to know these students in a more individual fashion beyond simply ensuring that they are enrolled in school and that required barriers are eliminated. The more personal approach is designed to gain increased access to these students' parents and allow them to be able to take more of a role in involving themselves in the educational experiences of their children.
Statutory Requirement 2d: Describe the extent to which homeless children and unaccompanied youth will be integrated into the regular education program. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.
In our district, homeless children and unaccompanied youth are integrated into the regular education program at all times. Barriers are lifted to allow them full access to a free and appropriate public education. The purpose of our grant proposal is to allow them to have specific instructional experiences that are supplemental to their participation in regular education.

Schedule #16—Responses to Statutory Requirements (cont.)

County-district number or vendor ID: 071909

Amendment # (for amendments only):

Statutory Requirement 3a: Describe the process for the development and preparation of the LEA's plan for coordinating services for eligible homeless children and unaccompanied youth using Title I, Part A reservations/set-asides. In the chart, include the actual set-aside for 2016–2017 and the planned set-aside for 2017–2018. For applicants applying as a SSA, provide set-asides for each LEA. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Our district reserves a set amount of Title I, Part A funds at the district level for eligible homeless children and unaccompanied youth. This amount of funding is limited as McKinney-Vento is an unfunded mandate and most Title I, Part A funds must be allocated to an LEA's campuses by law. The set-aside amount is largely used to assist with school supplies and clothing for students, basic health services, and a limited amount of necessary employee travel for professional development. Student travel is restricted to specifically approved field trips that are local and designed for our homeless population.

	Reservation/Set- Aside Amount	Use/Activities
Actual Set-Aside for 2016–2017	\$18,589.00	General supplies, employee travel, student travel, basic health services
Planned Set-Aside for 2017–2018	\$18,589.00	General supplies, employee travel, student travel, basic health services

Statutory Requirement 3b: How does the LEA determine its reservation/set-aside amount, how does the LEA assist staff in understanding the LEA's policy/procedure to support homeless students using these funds, and how does the LEA address the needs of homeless students in the Campus Improvement Plan? Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Our district improvement plan and campus improvement plans address homeless student needs as part of academic achievement and parental and family engagement. Our needs assessments include the homeless population as an area of need with respect to the need for increased academic achievement. Our McKinney-Vento district liaison represents a direct and swift assistance to all campuses with respect to providing identified students with services that are funded from the set-aside amount. This amount that is set aside is determined by the amount of Title I, Part A funds that are kept at the district level with the understanding that the majority of these funds are allocated to each campus. District needs are taken into account, along with the amount of homeless students identified.

County-district number or vendor ID: 071909

Amendment # (for amendments only):

TEA Program Requirement 1: Describe the process or procedures that are utilized to identify and/or enroll homeless students and unaccompanied youth who: (a) are entering and/or returning to their schools from summer or holiday break, (b) become homeless after the school year has started, (c) are not currently enrolled or attending school, and (d) are eligible for early childhood and/or prekindergarten programs. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

A and B. Socorro ISD conducts registration and the required student residency questionnaire (SRQ). It is available in English and Spanish. If students are currently enrolled and become homeless, the PEIMS specialist at the specific campus has the family resubmit an updated SRQ so as to determine eligibility under McKinney-Vento. This information is then forwarded to the district homeless liaison so coding can take place and services can begin.

- C. To ensure that we are able to find students who are not enrolled in school, the district homeless liaison has a number of established contacts in the form of outside agencies and programmatic entities throughout our metropolitan area. These contacts assist in locating such students and allowing our homeless liaison to be able to contact them and steer them toward enrollment in school. With respect to those homeless students who are enrolled but are not in regular attendance, assistance comes from our assigned instructional aides as they notify our homeless liaison about students' attendance trends. This can then be addressed with the student and/or his/her parents. Meetings are also conducted with campus administration in order to help students understand the importance of regular attendance, and also to help administration understand the specific needs of this student population.
- D. In prekindergarten, we currently have six students identified as homeless in our district. In kindergarten, 22 students are currently identified as homeless in our district. First, it is important to understand that early childhood/prekindergarten programs in our district abide by the same policies and procedures established in compliance with McKinney-Vento. One vital aspect that makes early childhood and prekindergarten programs unique with respect to homeless students of that age in our district is that prekindergarten is available to all students, but is housed in "hub" schools across the district that may not be the child's home school once he/she reaches kindergarten. However, our district homeless liaison communicates to parents of these young children and campus administrators that if young children are served at a prekindergarten "hub," that school remains their school of origin even when they graduate to kindergarten. Therefore, the school may not be the one that serves their area of residence, but it must be arranged that they may stay enrolled there if identified as homeless.

Amendment # (for amendments only):

TEA Program Requirement 2: Describe the training and professional development that are in place to assist with the identification, enrollment, and increased capacity to respond to the specific educational needs of homeless children and unaccompanied youth, including for: (a) administrative, instructional, and support staff; and (b) service providers and/or community collaborators. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

- A. For campus administrative, instructional, and support staff, training on McKinney-Vento and lifting barriers to enrollment is taken care of by our district homeless liaison first. Training is then provided on the SRQ that is part of all students' registration packet. Additionally, training is provided on the concept of "school of origin" and coordination of transportation when necessary. To elaborate on the lifting of barriers, campuses are trained on allowing students to register without all appropriate documentation and to be able to access all applicable programs (general education, special education).
- B. Our district homeless liaison has established numerous connections with external providers of services and outside agencies whose mission it is to help homeless and other types of severely disadvantaged citizens. These agencies are reached out to when necessary and provide services on a case by case basis to families in need. A most important point here is less about training but more about the need to continue to foster existing connections and to locate and establish new connections with such service providers and agencies.

Schedule #17—Responses to TEA Program Requirements (cont.) County-district number or vendor ID: 071909 Amendment # (for amendments only): TEA Program Requirement 3: Describe how early interventions and ongoing progress monitoring will be implemented to address the academic needs of homeless children and youth. Response is limited to space provided, front side only. Use Arial forth, no smaller than 10 point. As has been referenced, the identification and coding training and process is securely in place in our district. However, our grant proposal centers on going beyond the McKinney-Vento requirements of providing the right to homeless students to be able to enroll in and attend school with barriers to doing so removed. For us, ensuring that they are in school is minimal and we must go beyond. The model in which we employ instructional aides to perform the duties we assign to them allows us to be able to intervene for those homeless students who have the greatest instructional needs, and to be able to closely monitor their academic progress at an individual level.
